## **STOP** THE AMERICANISATION OF PUBLIC HEALTH!

The Baird government is selling off Wyong hospital to the private sector. This has been done with no consultation, and we fear patients and staff will be worse off under a public-private partnership model.

This is a further step in the Americanisation of our health system – where patients pay more and health outcomes are worse.

Join us at a rally to protest the Americanisation of our health system. Send a message to the Baird government that we want our public hospitals in NSW to remain **PUBLIC!**

### **SAVE THE DATE**

**When:** Sunday 16th October

**Time:** 11AM

**Where:** Morry Breen Oval, Wallarah Road, Kanwal

Parking in Wyong Rugby Leagues Club Southern Car park off Wallarah Rd
